

INVEST IN A LITTLE PIECE OF ITALY AND BE REWARDED WITH *aromas* OF FRESHLY ROASTED COFFEE BEANS.

AROMA SERIES

The Italian manufactured Aroma Series offers you the perfect coffee without having to step out of your workplace. The flavour you used to go out for is now available for you to experience all the time.

The rich, inviting scent of freshly ground beans will keep your staff and clients working in the best environment possible, and they will be forever thanking you!

The Aroma Series has four different models to choose from, to ensure that you find the right machine to meet the needs of your workplace.

The sleek, modern and compact designs will suit any work environment. When choosing your Aroma Series model, you can even add single or double cabinets or a coin acceptor.

With up to 12 different drink selections and 3 different cup sizes, choice and flexibility is at your fingertips!

FEATURING:

Solid, compact and stylish designs.

Large compartments for beans.

Plumbed or internal water tank.

12 selections with 3 cup sizes, including soups and hot chocolate if desired.

Optional coin acceptor.

Optional single or double compact, stylish cabinets.

Stainless steel façade

EXPERIENCE THE FLAVOUR AND AROMA OF COFFEE
YOU USED TO GO OUT FOR

MILANO 200 CUPS PER DAY AND **VERNAZZA** 80 CUPS PER DAY

(HxWxD): 575 x 510 x 530 mm

(HxWxD): 544 x 440 x 530 mm

Built, tried and tested in Italy, the Milano and the Vernazza are the "elite" models in the Aroma Range. Featuring beautiful brushed stainless steel, sleek lines and stylish design, these models are designed and built to last.

The Milano and the Vernazza are so versatile they can effortlessly produce a variety of specialty coffees and drinks at amazing speed, with no compromise to flavour and quality. And with the high quality milk frother, they produce creamy luxurious milk in no time at all.

The inbuilt digital system allows 12 selections with 3 drink sizes, including soups and hot chocolate if desired. These innovative machines also include a unique "cup detection" feature.

Optional compact, stylish cabinets - either single or double door.

Optional coin dispenser.

Both of these models can be plumbed.

TORINO 30 CUPS PER DAY

(HxWxD): 439 x 414 x 430mm

If you're looking for a stylish automatic coffee machine then this is for you! The Italian built Torino coffee machine is designed with high quality in mind and offers complete reliability.

The Torino includes all the basic accessories for preparing an excellent espresso coffee. The fully programmable system guarantees the exact amount of freshly ground beans. From lattés to macchiato, cappuccinos and hot chocolates, this machine is designed for all offices and all tastes.

FIRENZE 350 CUPS PER DAY

(HxWxD): 650 x 340 x 480 mm

The Aroma Italian built range is proud to announce the new Firenze 1000 built with high volume and fast service in mind.

This incredibly compact and inexpensive coffee machine has been specifically designed with convenience in mind. For customers looking for a commercial, high volume "instant" coffee machine, the Firenze 1000 is the answer!
